"I am very pleased with third quarter results. The expected recovery in third quarter volumes, along with strong operating performance, helped to offset inflation while driving robust third quarter cash generation. This is another proof point of our ability to perform well despite a volatile environment. Garrett's consistent track record of strong performance enabled us to recently pay our first cash dividend on the Series A preferred stock, as we continue to make progress toward a full normalization of our capital structure," said Olivier Rabiller, Garrett President and CEO.

"While there are still uncertainties on a macro level, we now expect stable fourth quarter demand in-line with third quarter's increased volumes. We remain confident in the strength of our core business even as we anticipate the need to flex our highly variable cost structure to address the risk of potential recession."

#### Results of Operations

Net sales for the third quarter of 2022 were \$945 million, representing an increase of 13% (including an unfavorable impact of \$105 million or 12% due to foreign currency translation) compared with \$839 million in the third quarter of

1

2021. The increase in net sales was driven by successful recoveries on inflation pass through and higher volumes which were impacted last year by the global semiconductor shortage.

Cost of goods sold for the third quarter of 2022 was \$767 million compared with \$676 million in the third quarter of 2021 primarily due to higher volumes, unfavorable product mix and inflation on commodities, transportation and energy which contributed to an increase of \$84 million, \$34 million and \$52 million, respectively. In addition there was a \$7 million increase in Research and development ("R&D") costs which reflects our shift in investment in new technologies and headcount increase year-over-year. This increase was partially offset by favorable foreign currency impacts which contributed to a decrease of \$72 million and continued focus on productivity of \$14 million.

Gross profit totaled \$178 million for the third quarter of 2022 as compared to \$163 million in the third quarter of 2021, with a gross profit percentage for the third quarter of 2022 of 18.8% as compared to 19.4% in the third quarter of 2021. The increase in gross profit was primarily due to higher sales volume which impacted gross profit by \$37 million and \$43 million of inflation recoveries from customer pass-through agreements net of pricing reductions. Gross profit also increased by \$22 million from higher productivity and \$6 million due to a favorable product mix. These increases were partially offset by \$52 million on commodities, transportation and energy costs inflation, \$7 million of higher R&D costs and \$34 million of unfavorable foreign currency translational, transactional and hedging effects.

Selling, general and administrative ("SG&A") expenses for the third quarter of 2022 decreased to \$57 million from \$60 million in the third quarter of 2021 primarily due to \$6 million of favorable impact from foreign exchange rates, \$3 million lower professional service fees partially offset by increase in bad debt expenses. As a percentage of net sales, SG&A for the third quarter of 2022 was 6.0% down from 7.1% in 2021.

**Interest expense** in the third quarter of 2022 was \$18 million as compared to \$25 million in the third quarter of 2021. The decrease is primarily due to \$11 million of lower accretion on our Series B Preferred Stock, which as of June 30, 2022, has been redeemed in full, partially offset by \$3 million of higher interest expense on our current Dollar term loan facility.

**Non-operating income** increased to \$29 million in the third quarter of 2022 from \$4 million in the third quarter of 2021. The increase in income is primarily related to \$25 million of interest income recorded in 2022 from unrealized marked-to-market gains on interest rate swaps.

**Reorganization items - net** was nil in the third quarter of 2022 related to professional services for the Company's Chapter 11 cases. In the third quarter of 2021, Reorganization items - net amounted to \$9 million gain, representing the reversal of excess accrual of professional service fees related to the Chapter 11 Cases.

**Net Income** for the third quarter of 2022 was \$105 million as compared to \$63 million in the third quarter of 2021. The increase of \$42 million is primarily as a result of \$15 million of higher gross profit and \$25 million of higher non-operating income, as discussed in the above sections. The net income margin increased to 11.1% in the third quarter of 2022 as compared to 7.5% in the third quarter of 2021.

Net cash provided by operating activities totaled \$61 million in the third quarter of 2022 as compared to a usage of cash of \$55 million in the third quarter of 2021, primarily due to favorable impacts from working capital of \$31 million and \$42 million from net income as mentioned above.

#### **Non-GAAP Financial Measures**

**Adjusted EBITDA** increased to \$146 million in the third quarter of 2022 as compared to \$134 million in the third quarter of 2021. The increase was mainly due to a 15% increase in volume, improved productivity and inflation pass-through net of pricing, partially offset by commodities, transportation and energy inflation, as well as unfavorable foreign exchange impacts. The Adjusted EBITDA margin decreased to 15.4% in the third quarter of 2022 as compared to 16.0% in the third quarter of 2021.

Adjusted free cash flow, which excludes reorganization items, repositioning charges (primarily severance costs related to internal restructuring projects) and stock compensation expense, was \$120 million in the third quarter of 2022 as compared with a usage of \$63 million in the third quarter of 2021. The increase in adjusted free cash flow was primarily due to increased volumes and higher cash flow from working capital.

#### **Liquidity and Capital Resources**

As of September 30, 2022, Garrett had \$634 million in available liquidity, including \$159 million in cash and cash equivalents and approximately \$475 million of undrawn commitments under its revolving credit facility. As of June 30, 2022, Garrett had \$621 million in available liquidity, including \$146 million in cash and cash equivalents and approximately \$475 million undrawn commitments under its revolving credit facility.

As of September 30, 2022, total principal amount of debt outstanding totaled \$1,146 million, down from \$1,180 million as of June 30, 2022.

#### Emergence from Chapter 11

As previously announced, on April 30, 2021, Garrett emerged from its pending Chapter 11 cases, successfully completing the restructuring process and implementing the Plan of Reorganization that was confirmed by the U.S. Bankruptcy Court for the Southern District of New York.

#### Full Year 2022 Outlook

Garrett is providing the following outlook for the full year 2022 for certain GAAP and Non-GAAP financial measures.

#### Full Year 2022 Outlook (vs. Prior Outlook)

| Net sales (GAAP)                                  | \$3.57 billion to \$3.67 billion (vs. \$3.5 billion to \$3.7 billion) |
|---|---|
| Net sales growth at constant currency (Non-GAAP)* | 7% to 9% (vs. 5% to 10%)  |
| Net income (GAAP)                                 | \$325 million to \$345 million (vs. \$290 million to \$335 million)   |
| Adjusted EBITDA (Non-GAAP)*                       | \$545 million to \$575 million (vs. \$530 million to \$590 million)   |
| Net cash provided by operating activities (GAAP)  | \$380 million to \$440 million (vs. \$405 million to \$505 million)   |
| Adjusted free cash flow (Non-GAAP)*               | \$310 million to \$370 million (vs. \$330 million to \$430 million)   |

<sup>\*</sup> See reconciliations to the nearest GAAP measure in pages 5-13.

Garrett's full year 2022 outlook, as of October 26, 2022, includes the following expectations:

- Maintaining previous outlook exchange rate of 1.04 EUR to 1.00 USD;
- Maintaining previous commitment of increased R&D investment in new technologies of approximately \$18 million for the full year 2022.

#### **Conference Call**

Garrett will host a conference call on Wednesday, October 26, 2022 at 8:30 am Eastern Time / 2:30 pm Central European Time. The conference call will be broadcast over the Internet and include a slide presentation. To access the webcast and supporting materials, please visit the investor relations section of Garrett's website at <a href="http://investors.garrettmotion.com/">http://investors.garrettmotion.com/</a>. The webcast will be archived on Garrett's website for replay.

#### **Forward-Looking Statements**

This release contains "forward-looking statements" within the Private Securities Reform Act of 1995. All statements, other than statements of fact, that address activities, events or developments that we or our management intend, expect, project, believe or anticipate will or may occur in the future are forward-looking statements including without limitation our statements regarding the impact of the COVID-19 pandemic, the conflict between Russia and Ukraine, inflationary pressure on Garrett's business and management's inflation mitigation strategies, financial results and financial conditions, industry trends and anticipated demand for our products, Garrett's strategy, anticipated supply constraints, including with respect to semiconductor, anticipated developments in emissions standards, trends including with respect to production volatility and volume, Garrett's capital structure, anticipated new product development plans for the future including expected R&D expenditures, anticipated impacts of partnerships with third parties, and Garrett's outlook for 2022. Although we believe forward-looking statements are based upon reasonable assumptions, such statements involve known and unknown risks, uncertainties, and other factors, which may cause the actual results or performance of Garrett to be materially different from any future results or performance expressed or implied by such forward-looking statements. Such risks and uncertainties include but are not limited to those described in our annual report on Form 10-K for the year ended December 31, 2021, and our quarterly report on Form 10-Q for the quarter ended September 30, 2022, as well as our other filings with the Securities and Exchange Commission, under the headings "Risk Factors" and "Cautionary Note Regarding Forward-Looking Statements." You are cautioned not to place undue reliance on these forward-looking statements and business decisions may differ from those envisaged by our forward-looking statements.

#### **Non-GAAP Financial Measures**

This release includes the following Non-GAAP financial measures which are not calculated in accordance with generally accepted accounting principles in the United States ("GAAP"): constant currency sales growth, EBITDA, Adjusted EBITDA, Adjusted EBITDA Margin, and Adjusted Free Cash Flow. The Non-GAAP financial measures provided herein are adjusted for certain items as presented in the Appendix containing Non-GAAP Reconciliations and may not be directly comparable to similar measures used by other companies in our industry, as other companies may define such measures differently. Management believes that, when considered together with reported amounts, these measures are useful to investors and management in understanding our ongoing operations and analysis of ongoing operating trends. Garrett believes that the Non-GAAP measures presented herein are important indicators of operating performance because they exclude the effects of certain items, therefore making them more closely reflect our operational performance. These metrics should be considered in addition to, and not as replacements for, the most comparable GAAP measure. For additional information with respect to our Non-GAAP financial measures, see the Appendix to this presentation and our annual report on Form 10-K for the year ended December 31, 2021, and our quarterly report on Form 10-Q for the quarter ended September 30, 2022.

- (1) We evaluate performance on the basis of EBITDA and Adjusted EBITDA. We define "EBITDA" as our net income calculated in accordance with U.S. GAAP, plus the sum of net interest expense, tax expense and depreciation. We define "Adjusted EBITDA" as EBITDA, plus the sum of net reorganization items, stock compensation expense, repositioning costs, net foreign exchange (gain)/loss on debt, loss on extinguishment on debt, discounting costs on factoring and other non-operating income. We believe that EBITDA and Adjusted EBITDA are important indicators of operating performance and provide useful information for investors because:
  - EBITDA and Adjusted EBITDA exclude the effects of income taxes, as well as the effects of financing and investing activities by eliminating the effects of interest and depreciation expenses and therefore more closely measure our operational performance; and
  - certain adjustment items, while periodically affecting our results, may vary significantly from period to period and have disproportionate effect in a given period, which affects the comparability of our results.

In addition, our management may use Adjusted EBITDA in setting performance incentive targets to align performance measurement with operational performance.

- (2) The Company applied ASC 852 for periods subsequent to the September 20, 2020, the date the Company and certain of its subsidiaries each filed a voluntary petition for relief under Chapter 11 of title 11 of the United States Code, to distinguish transactions and events that were directly associated with the Company's reorganization from the ongoing operations of the business. Accordingly, certain expenses and gains incurred during the Chapter 11 cases are recorded within Reorganization items, net in the Consolidated Interim Statements of Operations.
- (3) Stock compensation expense includes only non-cash expenses.
- (4) Repositioning costs includes severance costs related to restructuring projects to improve future productivity.
- (5) Reflects the non-service component of net periodic pension costs and other income that are non-recurring or not considered directly related to the Company's operations.
- (6) Professional service costs consist of professional service fees related to strategic planning for the Company. Costs incurred in 2021 relate to strategic planning activities for the Company which occurred following the Effective Date. We consider these costs to be unrelated to our ongoing core business operations.
- (7) The canton of Vaud, Switzerland generally provides for crediting the cantonal corporate income tax against capital tax. There was no income tax payable for the period ended September 30, 2021 and therefore the 2021 capital tax due of \$2 million was recorded in SG&A.
- (8) Adjusted EBITDA margin represents Adjusted EBITDA as a percentage of net sales.

<sup>(1)</sup> We previously referred to "constant currency sales growth" as "organic sales growth." We define constant currency sales growth as the year-over-year change in reported sales relative to the comparable period, excluding the impact on sales from foreign currency translation. This is the same definition we previously used for "organic sales growth". We believe this measure is useful to investors and management in understanding our ongoing operations and in analysis of ongoing operating trends.

| Adjusted free cash flow (Non-GAAP) (2,3)   | \$                                  | 120  | \$                                 | (63) | \$   | 181  | \$ | 216   |

- (1) Chapter 11 related cash interests increased by \$21 million for the nine months ended September 30, 2021 after full reconciliation of all reorganization items done in 2021.
- (2) Q1 2021 Adjusted free cash flow was restated to reflect updated definition which excludes liquidity actions such as sales of receivables.
- (3) Adjusted free cash flow reflects an additional way of viewing liquidity that management believes is useful to investors in analyzing the Company's ability to service and repay its debt. The Company defines adjusted free cash flow as cash flow provided from operating activities less capital expenditures and additionally adjusted for other discretionary items including Chapter 11 related items and cash flow impacts for factoring and guaranteed bank notes activity.
